

Lagom Landing and Camp Whitman Present:

Youth Retreat: Exploring Creativity And Hands-On Living!

Youth in Grades 8-12
\$125

APRIL 26-28, 2019 • CAMP WHITMAN ON SENECA LAKE

What does it mean to work with your hands?

Jesus was a carpenter. Spend a weekend creating with your hands, pondering together how we are each created in love by a loving Creator, and how God calls us to create according to how we were made in God's image.

We will play games, hike, cook, spend lots of time around the campfire, walk the labyrinth and the shore of Seneca Lake, and by the end of the weekend, build something concrete that we can always look at and say, "wow—I built that!"
